31	12:25:23		12:16:02		12:09:49		12:18:27	12:12:16		11:55:32		12:15:04

NOTES:

The times in the table are based on averages and may be in error by 10-15 seconds in January and December.

If your area has daylight saving time in the summer, we recommend that you highlight or draw a box round the relevant time, and write "Add one hour for daylight saving time" at the foot of the relevant months.

Before printing set page to landscape (File; Page Setup), you may need to make the margins narrower.
